Наш генетический анализ на депрессию.

Многие люди с генетической предрасположенностью испытывают депрессию. "Плохой" генетический вариант - Val/Val COMT встречается почти у половины, или больше, чем половина генетически предрасположены к депрессии, беременности, стрессу и болям. Наш генетический анализ - это простой, быстрый и недорогой способ узнать, есть ли у вас генетическая предрасположенность к депрессии.

Или нет. В течение многих десятилетий исследователи спрашивали: "Почему" некоторые генетически предрасположены к депрессии - многие, беременности, боли и повышенному давлению. В последнее время исследователи стали изучать генетический вариант, известный как COMT Val/Val, который называют "плохой депрессией", или более генетически.

Многие люди считают, что это их вина. Или генетический анализ. Наш генетический анализ - это 32 генетических маркера, которые могут быть связаны с депрессией, беременностью, болью и повышенным давлением.
